C-4000
Coin Counter

LAUREL
LAUREL BANK MACHINES CO.,LTD.

LAUREL C-4000 will bring innovation based on over 60 years of our experience in coin processing.

You will experience the amazingly high performance with our C-4000. C-4000 will be the key to your success.

JAPAN Quality

We are pleased to introduce C-4000 with the reliability, the durability, and the accuracy at the highest level to fulfill your demand. C-4000 is a product that has been subjected to our own strict quality inspection to maintain its high quality.

High Productivity and Cost-performance

C-4000's processing speed is the fastest in the industry and providing high productivity for your operations.

Reliable and Accuracy Counting Sensor Technology

C-4000 uses a newly developed high-performance counting sensor system, which achieves accurate and reliable counting even in long working hours.

Highly Selected Components for High Durability

C-4000 parts are selected and adopted high durability materials to withstand heavy usage.

ADD Mode

ADD function is adopted to display the total amount of the transaction.

Flexible Batch Settings

Flexible Batch Setting System is available to set the batch number by using the batch keys and the numeric keys. You can select any batch numbers quickly and freely.

Easy Maintenance

LAUREL designed C-4000 to be accessible anywhere inside the machine to facilitate maintenance. This allows you to keep the high performance of the machine for a long time.

Material Detection (Option)

Material Detection function is available in C-4000 to detect the coin with different Material. Counting stops when it detects different material.

Various Connectivity (Option)

Optional Connection Kit is available for C-4000 such as LAUREL Interface Link, Customer Display Connection, and Serial I/F and USB Connection. Both Serial I/F and USB Connection are for connecting with the Cash Management System and the Coin Processing System.

After-Sales Service

The worldwide network of "LAUREL" authorized distributors assure you of professional support and after-sales service.
